

2021 TPEC GRADUATION!

This year's TPEC Graduation was held on Friday, June 25 with 516 in attendance at the TPEC Building in Switz City. There were 91 students who walked. We graduated 116 this year for high school equivalency only and well over 50 for certifications. You can see by the pictures how this affects families and students!

I'm so thankful for the chance God gave me to be able to get my HSE! It means everything to me to receive my high school diploma at the age of 49! Getting my HSE at this age has showed my children that they can do anything they put their minds to, at any age! God has truly blessed me my entire life! I thank Him for the opportunity to receive it, as well as for my amazing, sweet teacher, Rena Ball. Thank you also to my children for helping me along the way and definitely all who prayed for me!
